

DESCRIPTION

PhotonicsHome™ Optical Fiber Connector Cassette Cleaner is designed to be pocket-size for handy operation that can be easily gripped by either right or left hand. By pressing the yellow button with the fingers, the cover slides open leaving the clean weave exposed for connector cleaning.

It is a perfect solution for dry-cleaning that does not leave residual liquid caused by improper connection, thanks to the super fine cross-woven fabric. The cleaner remove all kind of dirty particles effectively, preserving the performance of connection of high quality connectors.

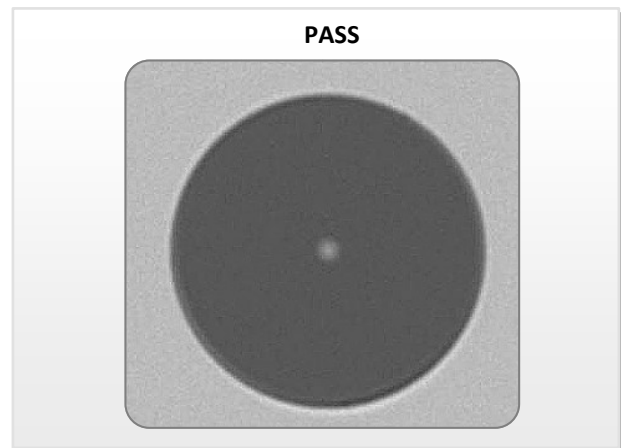

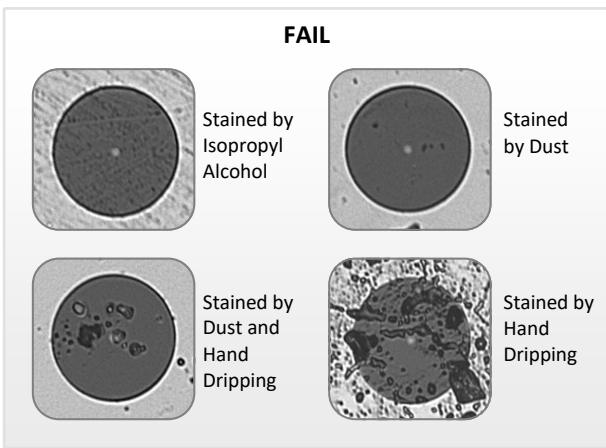

FEATURES

- Designed for various type of connectors
- Compact sized and handy for hand-held operation
- Fabric dry-cleaning without leaving residual
- >500 cleaning capacity
- Right or left hand operation with ergonomic design
- Refillable

APPLICATIONS

- Fiber connector cleaning
